

VISUAL FRACTIONS PROGRESS CHART

for _____

Each topic in this series has a pretest, an instruction section, on-line practice sessions, worksheet practice, and a test.

Do the PRETEST and check your answers to determine your understanding of the topic. Continue to the next topic if you understand the PRETEST questions.

If you do not understand the PRETEST questions you should continue to the INSTRUCTION slide show section of the topic.

Do at least 10 examples in each of the ON-LINE PRACTICE exercises in each topic. Use the exercise <Report> button if you want a print of your score. When finished use the browser <Back> button to return to this page.

Continue on to the suggested WORKSHEET PRACTICE and check your answers. You might want to do more than the suggested worksheets in that topic. Use the <<BACK button to return to this page.

Finally, do the TEST for that topic and check your answers. If you perform well, you may go on to the next topic. If not, review the instruction and practice more on-line exercises or worksheets in that topic.
